👤 About Me

Results-driven Computer Engineering professional with experience in building production-grade software solutions. Skilled in modern technologies, problem-solving, and collaborative work. Committed to continuous learning and contributing to innovative engineering and technology projects.

🏗 Projects

Enhancing NS-3 for Distributed Network : SaaS **Feb 2024 - Present:** *Research*
Developed a cloud-native SaaS platform for NS-3 to enable distributed, scalable network simulations on AWS. Built a VS Code extension and web interface for one-click infrastructure deployment and cloud execution. Modified NS-3 for distributed operation and enhanced parallel scalability.

Technology Used: Java, Linux, AWS Services (EC2, Lambda, DynamoDB, API-Gateway, Cognito, S3, SQS, STS, ECR, ECS), Terraform, C++, C, MPI, OpenMP, Docker, CICD.

AWS Marketplace Integration : WSO2 **Oct 2024 – Jan 2025:** *SaaS Integration*
Enabled integration of WSO2's on-premise products with AWS Marketplace to support public listings and automate post-purchase workflows. Designed an end-to-end subscription validation system using the AWS Entitlement API and integrated Salesforce CRM for automated onboarding and contract management.

Technology Used : Go, AWS Marketplace & Services, Salesforce, Webhooks, Google APIs, MySQL

LifePill software project **Sep 2023 - Present:** *Software stacks*
LifePill provides a versatile solution for seamless medicine access and efficient prescription management. Key features include Medicine Finder, Pharmacy Integration, and Digital Prescription Handling across Web, Mobile, and Desktop platforms. GitHub Repository: Life-Pill

Technology Used : Java, SpringBoot, Microservices, SpringCloud, Junit, PostgreSQL, MongoDB, Redis, AWS Services (EC2, S3, RDS), Docker, Jenkins, and Git

Ballerina Online Playground **2025:** *Web-based IDE / Developer Tool*
Developed, Web IDE for writing, compiling, and running Ballerina code in real-time, including 26 Ballerina versions. Web: ballerina-online-playground.pages.dev Lint Tool: ballerina-lint

Technology Used : React, Monaco Editor, Go, Docker, Cloudflare, Nginx, AWS EC2

AuctionHub Platform **August 2025 – September 2025:** *Cloud Native Architecture*
Designed and implemented a scalable online auction platform using microservices and event-driven architecture. Implemented resilience patterns (Circuit Breaker, Bulkhead, saga orchestrator), CQRS pattern, observability, and CI/CD pipelines. GitHub Repository: AuctionHub

Technology Used : Redis, Stripe, AWS Services (EKS, S3, RDS, SSM, ECR), Docker, Kubernetes, ArgoCD, Jenkins, GitHub Actions, OpenTelemetry, Grafana, Prometheus, Jaeger, DataDog.

Academic education

- ✓ BSc Hons.Computer Engineering - University of Ruhuna (GPA 3.69) 2019 - Present
- ✓ GCE. A/L - CP/KOT/Delta Gamunupura M.V. (District Rank - 08) 2019 - 2015

Experience

- ✓ **Software Engineer Intern at WSO2 Lanka Pvt Ltd** *July 2024 – Jan 2025*
 - Contributed to multiple projects including AWS Marketplace Integration, GitHub Stats Tool, Applicant Tracking System, and Integration Studio migration. Focused on backend development, designing and implementing scalable, secure services. Worked extensively with Ballerina, Golang, AWS, and Salesforce, building and optimizing REST APIs and cloud-based solutions. Ensured efficient data handling and seamless integration with enterprise systems
- ✓ **Resource Person, IEEE Computer Society, University of Ruhuna**
 - **Computing Future Series:** Conducted workshops on Microservices Architecture.
 - **AXIOM Workshop Series:** Conducted workshops on algorithmic problem-solving.
- ✓ **Coordinator, IET On Campus, University of Ruhuna**

Licences & Certifications

- › Java Programming - SLIIT
- › Advanced Golang - KodeKloud
- › Full Stack Web Development - SLBM
- › GitHub Professional Certificate - GitHub
- › Docker Foundations Professional - Docker
- › Kubernetes and Cloud-Native Associate (KCNA) - KodeKloud
- › Databases for Data Scientists - Univ. of Colorado Boulder
- › ServiceNow IT Leadership Professional Certificate
- › ACE Multicloud Network Associate
- › Master Microservices with SpringBoot, Docker, Kubernetes
- › Java Multithreading, Concurrency & Performance
- › Java Design Patterns MasterClass - Udemy
- › Spring Security 6 Master - Udemy
- › Soft Skills Development - Univ. of Ruhuna
- › Leadership Training - Sri Lanka Unites

Achievements

- ✓ Kattis Ranking (2024/05/03) 1st place in Sri Lanka, according to kattis website ranking
- ✓ Top 20 GitHub user ranking (2024/05/03) GitHub Profile: <https://github.com/PramithaMJ>
- ✓ CyberZee '24 Champions of Inter - University Cybersecurity competition.
- ✓ IEEXtreme 17.0 - 2023 3rd Place in University of Ruhuna.
